**TIME: 3 HOURS**

**INSTRUCTIONS**

**Answer 3 questions**

**Each question carries 100 mark**

1. Examine the contention that “the economics of education is a vital yet somewhat ambiguous component of the economics of development” (Todaro, 2009).
2. Explore the health needs and the role of health in economic development of developing countries.
3. Discuss the view that the Ubuntu People centered perspective is the best way to realise the socio-economic development of Zimbabwe.
4. With reference to examples examine how housing contributes to the socio-economic development of a nation.
5. Discuss the contention that “that many regional economic communities have been driven by political rather than economic goals” Hoekman, Matoo & English, 2002).
