HCHS212: THE DRY STONE HERITAGE OF SOUTHERN AFRICA

EXAMINATION

TIME: 3 HOURS

INSTRUCTIONS

Answer any **THREE** questions. Each question carries **100** marks.

1. To what extent is the term 'ruins' inappropriate in describing the dry-stone heritage of southern Africa.
2. Critically examine the management of the dry-stone heritage sites that are located in South Africa.
3. With special reference to wall typology and styles, discuss the major architectural features that are found at Great Zimbabwe National Monument.
4. Trace the origins and development of the pre-colonial dry stone built heritage sites in southern Africa.
5. Describe and explain the different dry-stone heritage sites located in Botswana and Mozambique.
