BINDURA UNIVERSITY OF SCIENCE EDUCATION **FACULTY OF SCIENCE AND ENGINEERING DEPARTMENT OF COMPUTER SCIENCE CS101 - INTRODUCTION TO COMPUTER SCIENCE**

= MAR 2024

TOTAL MARKS: 100 TIME: 2 HOURS

Answer all questions. Section A carries 40 marks, Section B 40 marks and Section C 20 marks

INSTRUCTIONS TO CANDIDATES

SE(CTION A [40 marks]	
1.	The ALU of a computer contains a number of high-speed storage elements c	alled
		[1]
2.	A high-quality CAD system uses the printer for printing drawing and gra	phs
		[1]
3.	In Microsoft Excel, the bar show the used formula of selected activ	e celli
		[1]
4.	The linking of computers with a communication system is called	[1]
5.	Which category of computers would you place an N- series Nokia phone	[1]
6.	A device driver is	[1]
7.	What is a NIC?	[1]
8.	How many bits is a kilobyte?	[1]
9.	The Zebra stripped identifier on a store product is called	[1]
10	. In Microsoft Excel, is the shortcut to highlight the whole column.	[1]
11	.The output quality of a printer is measured by	[1]
12	. VDU stands for	[1]
13	. A legend with respect to a spreadsheet is	[1]
14	List any two examples of web browsers.	[2]
15	.MICR is used primarily in	[1]

16. Printers that forms characters by physically striking the paper are called	[1]
17. List any three Internet Service Providers in Zimbabwe.	[3]
18. Which keyboard key delete the character to the left of the insertion point?	[1]
19. A device that inputs the sound made by a human voice is called	[1]
20. State any <u>two</u> examples of devices that serve only as an input device.	[2]
21. There are a number of operating systems today in the market for mob	ile and
personal computers. State any two that are command based.	[2]
22. "Ctrl + Z", is a shortcut for	[1]
23. Computers have evolved through a number of generations.	
List any four characteristics of the first generation of computers.	[4]
24. When using google services, the process of creating a new account on	google
platform is called	[1]
25. In Internet terminology, what does the acronym WYSIWYG stand for?	[1]
26. What is the name given to the computer's short-term memory that is lost w	hen the
computer is turned off?	[1]
27. The slide that is used to add notes and content about the topic being prese	ented is
called the	[1]
28. If a 5-minute song is sampled at 44 kHz, and each sample is stored as two 8	bit
numbers (stereo), it will need that much space:	[1]
29. The process of removing unwanted part of an image in MS Word is called	
	[1]
30. What enables us to send the same letter to different persons?	[1]
31and are used for creating ordered/unordered list in a doc	ument.
	[2]
32. Another name for a pre-programmed formula in Excel is	[1]
Section B [40 Marks]	
Question 1	
a) Explain the following giving an example of each	
i. Secondary storage	[3]
ii. Bespoke software	[3]

b) discuss any <u>five</u> factors should be taken into consideration when buying computer hardware for any organisation like Bindura University of Science Education [10]

Question 2

a) Explain the following modes of communication giving an example of where the mode is appropriately used:

i. Half duplex transmission [2]

ii. Full duplex transmission [2]

b) List any <u>four</u> signs and symptoms of a computer virus [4]

Question 3

- a) Computers can affect the health of users. Give and explain any <u>three</u> known side effects of computers on users [6]
- b) Computer and data security are an area that demands heavy investment of financial and at times human resources. Give <u>five</u> measures that can be taken to ensure that computer and data security is maintained. [10]

Section C [20 Marks]

Question 3

Use diagram in **Table 1** to answer this question.

BUSE EXPENSES

	A	В	С	D	E	F	G	Н
1	COSTS	Jan	Feb	Mar	Apr	Total	Average	interest
2	Bank loans	\$180	\$140	\$190	\$300	xxx	xxx	abc
3	Transport	\$250	\$250	\$250	\$120			
4	Accommodation	\$300	\$700	\$500	\$500			
5	Stationery	\$100	\$500	\$100	\$180			
6	Entertainment	\$90	\$90	\$124	\$250			
7	Food	\$800	\$600	\$1200	\$600			
8	Other expenses	\$600	\$150	\$100	\$200			
9	Total expenses	XXX						***************************************
10	Bank loans less							
	expenses	XXX						
11	Minimum							
	expenses	XXX						

12	Maximum				
	expenses	XXX		 	

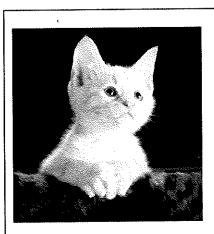

Table 1: College expenses

- a. Using excel formula to:
 - i. Write a valid formula to calculate the values represented by XXXs [10]
 - ii. Given that interest is calculated as follows
 - For Total below \$1000, an interest of 5% is charged, for total below \$1500 an interest of 10% is charged and for Total above \$2000 an interest of 12% is charged otherwise an interest of 15% is charged

Write an excel formula to calculate interest represented by abc

[4]

b. Use the table 2 to answer this question.

List of pets:

- Cat
- Dog
- Mouse
- Snake

Table 2: Table created using Microsoft word

Outline all the steps you should take to come up with the diagram in <u>Figure 1</u> using Microsoft word. [6]
